NBCUniversal  
Universal Blvd, Orlando  
FL 32819, USA

Dear Hiring Manager:

When I came across your advertisement looking to join the NBC Sports Group Technology & Engineering Internship program at NBCUniversal, I was immediately excited. Growing up in Miami, I was exposed to many NBCUniversal brands. My family would frequently visit the Universal Orlando Resort, my grandparents would constantly have 'Telemundo' on the TV, and my dad was a big NBA fan at home. So, NBC Sports was on regularly.

As an Information Technology student in my 3rd year, I've developed and become highly skilled in SQL, Python, and Java. As such, I would make a perfect choice for the Orlando internship in IT Support or Data Science. Additionally, obtaining an internship at the NBCUniversal company will provide me with lifelong skills and new experiences such as career prep, leadership exposure, and networking!

Thank you for considering my application. I am excited about the opportunity to bring my experience to an organization like yours, where I can contribute to its growth and success. Please don't hesitate to contact me if you need any additional information.

Sincerely,

Isabella Enriquez
